Do you want to be in full control over where your weed grows? Maybe you are tired of dealing with that shady dealer or you are simply tired of paying for it. If you are here for the above reasons or any other one, then you are in the best place a stoner can be!

Growing marijuana at home might seem complicated but the truth is that it's quite easy if you have the right information and attitude.

Simply put, anyone who loves weed can grow weed! I mean, which stoner would not like to see this beautiful plant growing taller every morning when he or she wakes up?

Personally, I decided to start growing cannabis for the heck of it, I got engaged to sweet Maryjane back in campus and it was only right that I should get married to her. That's why I have weed growing in my house, I am just a guy who enjoys his blunt and I want it close to me all the time.
