An invaluable guide to the art and mind of Virginia Woolf, "A Writer's Diary" was drawn by her husband from the personal record she kept over a period of twenty-seven years. Included are entries that refer to her own writing and those that are clearly writing exercises, accounts of people and scenes relevant to the raw material of her work, and finally, comments on books she was reading.

Adeline Virginia Woolf (25 January 1882 - 28 March 1941) was an English writer, and one of the foremost modernists of the twentieth century. During the interwar period, Woolf was a significant figure in London literary society and a central figure in the influential Bloomsbury Group of intellectuals.
