Advanced Studies for Bass Guitar is the fourth book in the Bass Techniques series. This book features a series of advanced study pieces for bass guitarists. Over the course of the ten pieces in the book, every technique needed by the contemporary bass player is covered, from plectrum and fingerstyle techniques, to slapping and two handed tapping. There are also pieces that cover the use of natural and artificial harmonics, palm muting and the chordal fingerstyle technique. Each piece is accompanied by a video performance, a set of detailed performance notes and audio files/backing tracks.
