Como parte de su certero análisis de la sociedad en el mundo globalizado y de los cambios que éste impone a la condición humana, el autor analiza el amor y cómo, en la esfera creciente de lo comercial, las relaciones son pensadas en términos de costos y beneficios, es decir, de conveniencia. A través de una reflexión audaz y original Bauman revela las injusticias y las angustias de la modernidad sin ser absolutamente pesimista, con la esperanza de que es posible superar los problemas que plantea la moderna sociedad líquida.
