Esta obra traz imagens de diversas doenças do segmento posterior do olho, colecionadas ao longo dos três anos (2011-13) que passei como *Fellow* no setor de Retina e Vítreo do HSR. A grande variedade de casos e o excelente aparato tecnológico proporcionado pelo HSR possibilitaram a documentação com a qualidade que você está prestes a conhecer.

Aproveite a interação com as imagens, ampliando-as para melhor visualização, bem como as galerias, que apresentam os diferentes exames da avaliação multimodal da retina. Trechos (*slides*) de aulas foram adicionados para enriquecer com mais interação e didática, esta compilação de casos.
