**'Meticulously researched'** - Jimmy McDonough, author of *Shakey: Neil Young's Biography* and *Soul Survivor: A Biography of Al Green*

**'You won't find a better match for a biographer with his subject than Matthew Polly and Bruce Lee... A definitive biography, told with passion and punch'** - Brian Jay Jones, author *George Lucas: A Life* and *Jim Henson: The Biography*.

More than forty years after **Bruce Lee's** sudden death at age 32, journalist and author **Matthew Polly** has written **the definitive account of Lee's life**. It's also one of the only accounts; incredibly, there has never been an authoritative biography of Lee. Following a decade of research that included conducting more than one hundred interviews with Lee's family, friends, business associates and even the mistress in whose bed Lee died, Polly has constructed a complex, humane portrait of the icon.

There are his early years as a child star in Hong Kong cinema; his actor father's struggles with opium addiction and how that turned Bruce into a troublemaking teenager who was kicked out of high school and eventually sent to America to shape up; his beginnings as a martial arts teacher, eventually becoming personal instructor to movie stars like Steve McQueen; his struggles as an Asian-American actor in Hollywood and frustration seeing role after role he auditioned for go to a white actors in eye makeup; his eventual triumph as a leading man; his challenges juggling a skyrocketing career with his duties as a father and husband; and his shocking end that to this day is still shrouded in mystery.

**Polly breaks down the myth of Bruce Lee** and argues that, contrary to popular belief, he was an ambitious actor who was obsessed with martial arts—not a great kung-fu master who just so happened to make a couple of movies. The book offers **an honest look at an impressive yet flawed man** whose personal story was even more entertaining and inspiring than any fictional role he played on-screen.
