En un futuro lejano, luego de la devastadora Cuarta Guerra Mundial, humanos y androides se apiñan en las calles de Nueva Beijing, una de las seis comunidades de la Tierra. Una enfermedad mortal está arrasando la población. Y desde el espacio, la reina lunar observa cómo la peste lo va devorando todo, confiada en lograr el control del planeta. Cinder tiene 16 años y trabaja como mecánica. Su pasado es un misterio y su presente, no puede ser peor, bajo la tutela de su madrastra, que la explota y la denigra constantemente. Hasta que su camino se cruza con el del príncipe Kai, y se ve en medio de un conflicto intergaláctico y de un amor imposible. Drama futurista, ciencia ficción o steampunk, poco importa cómo catalogar estas Crónicas Lunares. Son únicas e imperdibles, como la justicia, la fantasía y el amor.
