Death to the False Emperor!

The Chaos Space Marines are superhuman traitors grown strong on the power of the Dark Gods. The ultimate nemesis of the Imperium, they surge from hidden lairs and hellish warp storms to fall without warning upon their victims. Murderous warriors clad in baroque power armour fight alongside teeming human Cultists and hulking Chaos Terminators; gargoyle-mouthed daemon engines stomp to war alongside growling battle tanks and hosts of malevolent entities spawned from the warp. Leading this malefic throng are the Champions of Chaos, evil warlords who have plagued the empire of Man for ten thousand years and more. Now, as the skies bleed raw Chaos energy, their time has come. Let the galaxy burn!

Codex: Chaos Space Marines contains a wealth of background and rules - the definitive book for Chaos Space Marines collectors. Within its pages, you'll find:

## Background

- Let the Galaxy Burn: the terrible origin of the Chaos Space Marines, their betrayal of the Emperor during the Horus Heresy that ushered in an era of damnation, a timeline detailing the Ages of Betrayal, Retribution and Apotheosis with key battles and atrocities in gruesome detail (with a further timeline detailing the horrors of Abaddon's various Crusades) and a map detailing the current, tainted state of the galaxy;

- Information and details of the 7 major Chaos Legions - The Black Legion, Alpha Legion, Iron Warriors, Night Lords, Word Bearers, World Eaters and Emperor's Children - with histories, key battles, heraldries and colour schemes for each;
