Le but de ce livre est de fournir une image véritable de la Kabbalah authentique. L'étude de la Kabbalah implique une bonne compréhension de son idée générale, aussi bien que de ses concepts. La Kabbalah nous explique, souvent allégoriquement, le début de la création, les systèmes dynamiques qui sont mis en place pour interagir avec l'homme, ainsi que ceux qui font la direction des mondes. Ces systèmes nous font comprendre le but de nos actions, leurs interactions avec les dimensions supérieures, ainsi que les messages et significations cachés dans la Torah.
