

Descargar libros gratis El martillo de Dios - Arthur C. Clarke QBook

Un maravilloso libro de ciencia ficción y ficción científica de la mano de un gran maestro, Arthur C. Clarke.

En el siglo XXII, los humanos habitan la Luna y Marte. Una veterana de guerra ha fundado Crislam, doctrina religiosa impartida a través de módulos de realidad virtual. Aunque no queda comida natural, reciclando desechos se consigue cualquier plato. La ingeniería genética es capaz de todo, pero el Papa se opone a cada nuevo avance...

La aparición de un asteroide que amenaza con caer sobre la Tierra desencadenará una crisis de consecuencias imprevisibles.

El celebrado autor de *2001: una odisea espacial* recupera las dotes que lo convirtieron en maestro del género: perspicacia para plantear un futuro lejano pero ya visible, capacidad de entretener al lector y al tiempo retar su intelecto, y una ironía cargada de ingenio contundente.
