It all started with the bereavement flowers with my name on them.

Not the best way to wake up, right? I work in a flower shop. I know a funeral arrangement when I see one.

I know a killer when I see one, too. And one is standing in my hospital room right now, straight behind the man who saved my life.

I can't tell anyone the truth, because that's the fastest way to really die. So I do the next best thing. I "lose" my memory.

I fake my amnesia.

Pretending not to remember a brutal attempted murder has its perks. The killer is backing down, spending less time around me, loosening the noose.

The less I claim to recall, the more my rescuer, Duff, works to help me "remember." I hate lying to him.

But he doesn't understand that my memory is dangerous. To me. And to him.

Fooling everyone isn't easy. It's the hardest thing I've ever done.

Except it's starting to look like I've been fooling myself.

In more ways than one.

Read Book 1 in the newest series from USA Today bestselling author Meli Raine.

"...intrigue and dark humor on display in this thriller..."

While the immediate—and more compelling—tension in Raine's (*A Shameless Little Bet*, 2018, etc.) heart-pumping series opener comes from Lily's constant proximity to her would-be killer, the action takes place against a backdrop of secret government scandals. The "screwed-up D.C.-insider scandal," as it is clumsily summarized early on, is pleasingly twisty...

Fortunately, Lily's voice is captivating, wry, and tough enough to sell this thriller. The novel ends with a cliffhanger that startles, if only because readers will have become so attached to Lily.
