Learning FileMaker™ is a lifelong journey and, along the way, we come up with better ways of doing things. We learn to adapt and think outside the box. Written primarily for the novice to intermediate (and especially in-house) developers this book teaches by the use of case studies and walks you through the process of solving each. With lots of videos, expert level tips and tricks plus sample files that you can tear down, this is an essential resource for anybody wanting to reduce their learning curve. Michael Rocharde has been a full-time professional FileMaker developer since 1987 and he's been writing about FileMaker since the mid-1990s. This is his 2nd book on FileMaker; the first one was published in April 2012 and has sold over 1000 copies in 23 countries.
