The comic books that came out in the 1920s to get Americans to read more comprised of many action- and super heroes, such as Batman Superman, and Wonder Woman. Since 1968 Bruce Lee playing Kato and the Green Hornet, in 1973 the movie, Enter the Dragon will introduce Asian martial arts to the USA and the world. This book will show the superhuman feats of the Japanese archers psychologically and physically, and the records they achieved, in my opinion. These unsung people would be heroes today if more readers knew of these records that the Japanese have in their history. The impact of the mental and physical is so extreme that this information hopefully will garner THE WOW FACTOR!
