Can a dog learn how to do something just by watching another dog or even a person do it? Do dogs dream? What is the nature of dog personality? Which behaviors are prewired into your dog, and which can you actually change? And, can dogs actually sense future earthquakes or detect cancer?

With sound behavioral science and numerous funny, informative anecdotes, experiments, and firsthand observations, *How Dogs Think* shatters many common myths and misconceptions about our four-legged friends and reveals a wealth of surprises about their mental abilities and potential.
