

# Descargar libros gratis La ciencia pop 2 - Gabriel León QBook

**Un compilado de crónicas sobre eventos de la ciencia destinado a un público no especializado**

Repitiendo la fórmula de su primera versión, Ciencia pop 2 entrega nuevas historias y hazañas científicas.

Biografías, descubrimientos, accidentes, errores e incógnitas son abordadas mediante una pluma informada y fascinante.

Historias que son capaces de enseñar y, a la vez, de abrir puertas de una materia enigmática y estremecedora, pero al mismo tiempo, presente en todo lo que nos rodea.
