

# Descargar libros gratis La dama de cristal - Lita Donoso QBook

**Lita Donoso nos propone un viaje fuera de los límites de la mente y la vida terrenal.**

La Dama de Cristal es una aventura interdimensional de amor, traición y coraje. Ka Iris, uno de los legendarios cráneos de cristal de los que hablan las profecías mayas

y que es custodiado por un caballero del siglo XIII, es la clave de una historia que parte con una confrontación en una lejana galaxia y continúa, a través de los siglos, en el planeta Tierra.

La creadora de El Método, psicóloga y terapeuta, autora de media docena de libros, da un nuevo paso en su búsqueda espiritual. Esta vez, una experiencia de la vida real la llevan a explorar territorios distintos en su escritura donde, a través de un relato de fantasía, revela horizontes desconocidos para el ser humano.

¿Ficción o realidad? Tú decides.
