La guerra de los mundos es una novela de ciencia ficción escrita por Herbert George Wells y publicada por primera vez en 1898, que describe una invasión marciana a la Tierra. Es la primera descripción conocida de una invasión alienígena de la Tierra, y ha tenido una indudable influencia sobre las posteriores y abundantes revisiones de esta misma idea. De la novela de Wells se han hecho adaptaciones a diferentes medios: películas, programas de radio, videojuegos, cómics y series de televisión.
