

# Descargar libros gratis Metalsmith's Book of Boxes & Locketts - Tim McCreight QBook

This engaging text has developed an enthusiastic following among teachers and metalsmiths since it was first published in 1999. Geared to intermediate skills, detailed photos and text lead readers through box construction, hinges, and catches. Over 100 photos of innovative work provide great inspiration for artists at any level. For the digital version, finished work from scores of artists have been assembled into a gallery that appears after the text.
