

Descargar libros gratis Postcapitalismo - Paul Mason QBook

Los pilares del modelo capitalista se están derrumbando. Por una parte, el triunfo del neoliberalismo ha minimizado a la clase obrera como agente del cambio político y económico y, por otra, los cambios en las técnicas productivas producidos a raíz del avance de las tecnologías de la información están destruyendo el mecanismo de fijación de los precios y el concepto de valor económico.

A lo largo de este innovador libro, Paul Mason nos ofrece una amplia panorámica de la historia del capitalismo, mientras sostiene que está condenado a morir y que dará paso a algo completamente nuevo: el postcapitalismo.
