AUTHOR'S FOREWORD:

1. Every student heartily wishes to show his mettle in 11th class and 12th class. He will score cent percent marks if he works according to a perfect plan.

2. The student must not simply get the answers by heart. He must cultivate the habit of reading an answer by understanding its meaning. Then he has to write the answer on a sheet of paper without referring to the book.

3. The students must have a clear idea of the points and their order for each answer.

4. A rocket cannot go into the space by itself. It needs machines, fuel and above all time sense. Then it enters the orbit under the supervision of the efficient scientists and serves the needs of the people.

5. In one sense the students are also like rockets. In order to reach heights they must have intelligence, memory, concentration and commitment. Remember that they are your parents and teachers to guide you properly.

6. Delay not. Work hard to achieve spectacular success.
