For anyone that has wished to get out there and grab life by the reigns. The enchanting world of “tiny homes” holds a very special allure. Saddling up to live in a space that is smaller than most studio apartments is a big leap for most of us. But if you are informed and know what you are doing you can go a long way with the latest in tiny home designs. Since the trend has advanced, so have the choices. In what was once a very obscure market decked out with a very small variety of tiny homes has turned into a veritable smorgasbord of tiny home consumption.

And as the supply and demand rapidly increase for these homes the possibilities they present will increase as well. So as you way out the options, use this book as your guide. The information contained here will lead you through the markets, dealerships, licensing agencies and construction firms until you finally have that tiny house you always dreamed of!

Some things that we will cover in this book include:

Finding and Buying a Tiny House
The Basics of Tiny Home Construction
Furniture and other arrangements for Tiny House Living
A guide to setting up permanent residence for your Tiny Home
