Bisesa Dutt regresa a la Tierra tras pasar cinco años en el planeta Mir, construido con retazos de paisajes y personas extraídos de distintas eras de la historia de la Tierra y habitado por los primogénitos. Pero por que se creó Mir? Por que llevaron allí a Bisesa y después la devolvieron a la Tierra justo el día después de su desaparición? Cuando los científicos descubren una anomalía en el núcleo del sol creada por una mano alienígena, las respuestas aparecen. Los planes elaborados por esos inescrutables observadores desencadenan una tormenta solar diseñada para erradicar la vida en la Tierra.
